#### SMITHVILLE BOARD OF ALDERMAN

#### WORK SESSION

April 5, 2021 6:30 p.m. City Hall Council Chambers

#### Due to the COVID-19 pandemic this meeting was held via teleconference.

#### The meeting was streamed live on the city's FaceBook page.

#### 1. Call to Order

Mayor Boley, present via Zoom, called the meeting to order at 6:29 p.m. A quorum of the Board was present via Zoom meeting: Steve Sarver, Marv Atkins, Melissa Wilson, Dan Ulledahl, and Jeff Bloemker. John Chevalier was absent.

Staff present via Zoom: Cynthia Wagner, Anna Mitchell, Chuck Soules, Chief Jason Lockridge, Matt Denton, Stephen Larson and Linda Drummond.

#### 2. Discussion of Solid Waste Services

Chuck Soules, Public Works Director introduced Tom Coffman with GFL/WCA who was in attendance this evening. He noted that in February the Board discussed that the current contract with WCA (now GLF/WCA) and will expire in March 2022 and that in the agreement the city would have to provide six months' notice prior to any cancellation of the contract or change of service. At that time staff presented to the Board an outline current levels of service and asked the Board if they wanted staff to talk to GFL/WCA about extending the contract or if they wanted staff to look for other proposals. Staff wanted to do this far enough in advance so that if the decision is to go out for bid, we can still provide appropriate six months' notice.

Staff sat down with Tom Coffman to discuss some of the items the Board had expressed desire for, including downtown recycling, some type of rate reduction, e-waste events, stickers on the lid describing what is recyclable and maybe disincentives for additional trash carts. GFL/WCA came back with a proposal that is included the agenda packet. The proposal includes a 5-year extension with an annual automatic renewal and:

- Extends the current contract for a term beginning November 1, 2021 and ending October 31, 2026.
- The first-year rate would be to \$17.98 per month with a 10% discount for city-approved seniors -they would have to apply and provide proof of age (current cost is 19.51).

- Contract would allow for annual increases not to exceed the Consumer Price Index for all Urban Consumers (CPI-U) Garbage and Trash Collection.
- Maintain current service levels and limits (trash, recycling, yard waste).
- GFL will provide a trash overage sticker program for additional trash bags (for limited high use periods, eliminating need for second trash cart).
- Utilize existing trash and recycling carts, and replace carts as needed.
- To incentivize recycling, the monthly price for an extra trash cart would be \$10.
- Continue the twice-yearly bulky item collection program.
- Establish a downtown cardboard recycling program at no cost to the City.
- Sponsor an annual paper shredding and e-waste recycling event at no cost to the City (fees may apply for certain items).
- Deliver mid-year and year-end reports on local solid waste issues.
- Include auto-renewal contract language that provides non-renewal opportunities (with notice).
- Apply decals to recycling carts that detail acceptable and unacceptable material.

Staff did survey some other communities regarding cost and service level. The comparisons of services vary for what other communities are getting. Chuck said that with the City's contract we are in the middle on the list. We are not the cheapest nor are we the most expensive, but we do receive a lot of services with this contract. He noted if you compare the services GFL/WCA's proposal looks pretty good but said the decision is up to the Board.

Staff is looking for direction from the Board here tonight if they wish to continue with those negotiations and bring back a contract to the Board for continuation of the service with the GFL/WCA or would the Board prefer staff to do another option or solicit proposals?

Mayor Boley stated he appreciated everything in this proposal, it has a lot of things we have asked for. He noted he was sure staff would work out the details on frequency and locations for cardboard recycling. When it comes to cardboard, he knows that Price Chopper takes care of their own, Porter's has been taking some cardboard for recycling. Businesses farther south of the City and downtown have a lot of cardboard that could be recycled instead of ending up in the dumpster.

Alderwoman Wilson had a question about the definition of city approved seniors, but Chuck had covered it and guessed that City staff would move forward with what that definition would definitely be so it will be in print for anyone to see if they questioned it.

Chuck said that in the City of Lawrence it is 65 and older. We can have it that they bring in proof of their age such as a driver's license and they make a request.

Alderwoman Wilson asked if the consumer price index was what the price would increase annually?

Chuck said that was correct.

Alderwoman Wilson asked if the sticker program was a program where residents could buy additional to have on hand as needed?

Tom Coffman explained that they have this program in a lot of communities, in some areas they work with retailers or people can go to City Hall and purchase them. They can call or email GFL/WCA customer service and order and pay with a credit card and they will mail them. He said he believed last he heard it was around \$6.00 for a sheet of five stickers. They can then be used when they have episodic overages.

Alderwoman Wilson noted in looking at the comparison pricing chart, GFL/WCA's current services to compared to other communities, she likes everything she see here but is wondering if the 10% discount for seniors could be raised to 25%. She explained that the 10% discount for seniors is not quite \$2 and wondered if it could be looked at and maybe go up to 20 or 25%?

Chuck explained that one of the concerns is we just do not know what the usage is going to be for seniors. He said it is one thing if it is 10 or 20 residences and another if it is two or three thousand residences. He suggested that what we could do is roll it out for first year at 10% and then maybe the Board have a provision in the contract with GFL/WCA that we would revisit the senior discount and calculate what the usage actual is to see if it justifies a higher discount.

Alderwoman Wilson noted on the price comparison chart, compared to cities that both use the same service, one has a \$4 reduction, their population is comparable to Smithville the other has a 50% deduction by they have a lot more population. Noting the difference in the discounts, she would like to be able to improve the 10% senior discount in the future. She ended that in doing the comparison she believes with what GFL/WCA has come to us with and the extras that the Board had ask for she is fine if we do not go back out for bid.

Alderman Sarver said that he has been very happy with WCA and that with this proposal they have added about everything asked for. He is okay with staff bringing forward a contract with GFL/WCA.

Alderman Atkins agreed he had no issue with WCA and had no problems at all nor heard any issues with their service. He approved of the new agreement.

Alderman Ulledahl said that everything he read looked good and thanked staff for going into detail and working hard on this.

Mayor Boley asked Alderman Ulledahl about his experience with cardboard.

Alderman Ulledahl said that his business does have an issue with disposing of cardboard, they do not have any room in their alley for a dumpster. He would love to have a cardboard recycling container close by maybe closer to City Hall or somewhere in that vicinity that he could send it over there every evening when they close. He went on to explain that the truck they received today had 70 cartons on it and pretty much all of the cartons were cardboard.

Mayor Boley stated he spoke with couple other business downtown that receive shipments and have quite a bit of cardboard to dispose of. He agreed that somewhere near City Hall would be a good location for the cardboard recycle container, somewhere it can be monitored.

Alderman Ulledahl suggested it be located somewhere with easy access, that vehicles can drive up to because some business will have several boxes to dispose of at a time. He agreed that it will need to be able to be monitored.

Alderman Bloemker said he appreciated what he heard and noted we have had good service and WCA has been responsive, so he supports moving forward.

Tom Coffman said how much they liked working with Smithville, it is a great community, and it is a good fit for them. He really enjoyed working through this process with staff and he is excited that the Board wants to continue moving forward. He said this was great news for him and for GFL/WCA.

Mayor Boley appreciated the waste diversion pieces of the proposal, adding the ewaste and shredding events. He said that the Chamber of Commerce does some shredding events, but their vendor does not have the capacity for what we need

Chuck said he believes staff has the direction from the Board and will contact GFL/WCA to will continue the negotiation. Staff will also look to be reviewing the senior discount after the first year.

Mayor Boley suggested looking at the City demographic data to see what the City's senior households look like. He said that some of the City's seniors live at the Housing Authority and they use the dumpsters at those facilities provide not WCA's services. He noted that the actual senior households that might be eligible for the discount do not probably generate three bins of trash like some other residences might.

Chuck said staff will bring a contract forward sometime late spring or early summer.

#### **REPORTS FROM OFFICERS AND STANDING COMMITTEES**

#### 5. Committee Reports

Mayor Boley reported on the March 25 Parks and Recreation Committee meeting. They discussed two items, one was proposed use of parkland by Humphrey's Bar & Grill for a seating structure deck and outdoor seating. The purpose will be presented that will be going to go to Main Street at their meeting the third Thursday of this month. If approved, it the next step would be to take it to the Planning and Zoning Commission for approval since it is a park amenity.

Cynthia clarified that the proposal would come to the Board prior to obtain Board direction.

The second item discussed was the Parks Master Plan. Mayor Boley explained that the drawings for the Parks Master Plan had been available to view at Smith's Fork Park. The Mayor believes Future iQ has done a great job of capturing our ideal state. The Parks and Recreation committee recommended some very minor things to be added to the proposals. He stated it will be exciting to see what comes out of the plan.

The survey for the Park Master Plan received over a thousand household responses. He said he reminded the Parks and Recreation Committee and the other people attending the meeting, that was more people than we had turned out for the election when we put the parks and stormwater sales tax on the ballot.

Cynthia added the portals are still active on the Parks and Recreation website and Facebook page. There are some good discussion boards out there and she encouraged everyone to take a look at that and be involved and help promote it.

#### 6. City Administrator's Report

Cynthia confirmed the May 27 Board of Aldermen retreat, staff is working to confirm Paradise Pointe Golf Course as the location and as soon as staff has it confirmed we will let the Board know.

Cynthia reminded everyone of the ribbon-cutting for the Main Street Trail tomorrow at 11:00 a.m. that will be held on the easternmost end of the trail where the bike rack, water station and bench were installed, near the Parks and Recreation facility.

A couple of updates regarding Parks and Recreation the Smith's Fork Park Campground opened last Thursday April 1. The City has recently switched platforms for registration software. Registration began on the morning of April 1 for the whole season. Issues were identified with the third-party credit card processing system. We had significant issues communicating with folks in getting the reservations booked. Staff worked with the vendors of the software and the credit card platform and were able to get those issues fixed by about mid-morning. Staff continued to work with the software vendor to resolve all those issues, but it was a bit of a rocky start.

On Wednesday, staff opened the campground and the other Parks and Recreation restroom facilities to find that even though they were winterized, all of our new touchless equipment including the faucets and sinks experienced damage. We did not know there is a part within the sensors that accumulates water and if you do not disconnect those, you could potentially have freezing pipes or frozen areas. All of our touchless faucet were affected and froze. We have replacement parts on order hope to have those installed as quickly as possible. Staff will be working with Lexington

Plumbing to get the installation done and we plan to use CARES funding to pay for those replacement parts since they are the touchless equipment.

Matt has worked with some local lawn mowing companies to obtain bids similar to what we did for snow plowing this past season. We are going to take a test run of contract mowing. Matt has been able to find a contract within Cynthia's authority. We will have 26 mows this season, so basically on a weekly basis. This will include the downtown area: City Hall, Senior Center, the Courtyard, Remembrance Park, Hawthorne Park, Emerald Ridge Park and the School House. Staff will mow the larger parks. We are pleased to be able to use a contract as a way to complement and enhance staff work and allow them to get some other work done.

# **City Administrator's Report**

# April 15, 2021

#### Personnel Update

Recruitment for Police Officer vacancies continues. Three appointments have recently been made, bringing the total number of vacancies down to two in the department. This week, Wes Lopez started service with the City of Smithville. He most recently was Police Officer in the City of Marysville. The Department is sponsoring two academy recruits in the upcoming class. Landon Summerville and Colby Matthys will begin with the City on April 26 and start academy training shortly thereafter.

An offer has been extended to a candidate for the Public Works Analyst position. We hope to have a response from this candidate by the end of this week. If accepted, the successful candidate likely will begin work for the City of Smithville in early June.

#### **Fireworks Display**

The contract with the current fireworks vendor, Aerial FX, Inc., expires this year. A bid for fireworks display has been posted, with no responses. Staff reached out to representatives of Aerial FX to learn that they did not submit a bid due to uncertainty on their part in being able to provide product. Current stock is very low and shipping out of China and recent events regarding the containership have significantly slowed supply chains. Staff is in contact with the vendor and as we learn that supply may be coming back up, will re-bid the contract in the hopes that we will have responses.

The fireworks display is a joint venture with the Clay County Parks and Recreation Department and they have been notified of the current concerns. Staff will continue to monitor the situation and be in communications with vendors, the County and keep the Board informed.

#### Parks and Recreation Master Plan Update

The project portal is live and includes discussion boards featuring "big idea" concepts. The discussion boards can be accessed here: <u>https://lab2.future-iq.com/smithville-park-and-recreation-master-plan-project/discussion-boards/overview/</u>.

#### **City Hall Renovation**

The renovation project continues, ceiling grid is basically all installed; painting in many areas of the administrative area is nearing completion; and three employees have moved into their new/renovated workspace. Demolition of the men's restroom was delayed but is well underway now. The project remains on schedule overall, with substantial completion anticipated in June.

Residents and customers needing in-person service have been directed to the rear access to the development department. Staff displaced from their office space are working in the Board Meeting Room.

**Volunteer Application** 

#### **Parks and Recreation Committee**

Melissa Wilson 19507 Diamond Ln. Smithville MO 64089 <u>Melkay7982@yahoo.com</u>

#### **Background:**

I am a 20-year citizen of the City of Smithville. My 40 plus years in banking taught me to study and analyze reports to consider the outcome or results. I used this experience while serving as Smithville Ward 1 alderwoman from April 2017-April 2021. During my tenure as alderwoman, I served 3 years on the Planning and Zoning Commission and 1 year on the Parks and Recreation Committee. I was a highly active participant in the drafting of the city's new strategic and comprehensive plans. I also served as a member of numerous committees to review Request for Qualifications to assist city staff in the selection of the successful company of various projects. I served on committees which interviewed applicants for key city positions.

#### **Reason for Volunteering:**

I would like to continue being actively involved on planning our city's future. However, I would like to do so in a different capacity than alderwoman. I would like to be a part of the Park and Recreation Committee to assist in finalizing the new Park and Recreation Master Plan. As a result of the new master plan there will be new projects that will need sound decision making. I believe I can make those sound decisions.

#### Additional experience or information which a City Committee might benefit from:

During the past four years as alderwoman, I have been involved in discussions about the future for parks and recreation. I believe that knowledge can be valuable to this committee.
