Subject:	Tow Services Discussion

Background and Prior Action

Recent Actions

At the July 18, 2023, Board of Aldermen meeting Resolution 1244 was on the agenda to approve a one-year extension of the current contract for tow services, with GT Tow Service in Smithville. A motion was made and seconded to postpone this item for future discussion.

At the August 28, 2023, the Board of Aldermen met to discuss a number of items, to include an RFP for City Tow Services. After further discussion the Board decided to exercise the first one-year extension of the current contract. The Board also directed staff to bring the discussion of recommendations for an RFQ for City Tow Services back for discussion on a future work session.

Historical Background

Prior to 2015, the police department used a tow rotation that was tracked internally in the squad room. There were issues with trying to manage police tows this way. A review was conducted, and an RFP was issued for services in 2015. Two bids were received and reviewed. In December the Board approved a three-year contract with GT Tow with the option for renewal for two additional one-year extensions. That contract was in effect until 2020, at which time it was put out to bid again. Only one bid was received, from GT Tow. Staff reviewed that proposal and brought forward a recommendation to the Board that the contract be approved for a three-year period, with two additional one-year extensions. The 2015 contact had a cost of \$200 per tow, and that was reduced to \$100 with the 2020 contract.

Past Service Considerations

There are several factors considered when soliciting tow bids. These include:

- The ability to respond promptly 24 hours per day, 7 days per week, 365 days per year. A reasonable response time of 15 minutes to be enroute to the scene is expected.
- The ability to handle a variety of requests, from towing a motorcycle to loaded tractor trailer.
- Cooperation with officers on the scene and an understanding of expectations.

- A secure tow lot, with the ability to secure individual vehicles inside as needed.
- Location of the tow lot and where vehicles would be stored.
- Access to tow lot by police personnel, anytime day or night, without a charged fee.
- An office for the public to retrieve vehicles, open at least 8 hours per day, Monday through Friday, excluding holidays.

Past Performance

There have been no issues with the current vendor over the life of the current contract. Services are provided promptly and efficiently, with a reliable response every time. Any time a detective or officer has needed to secure a vehicle or gain access to one they have cooperated without hesitation. They have the ability to secure and store a vehicle inside as needed. Their office and tow lot being centrally located within the City has been a benefit as well.

Staff Recommendations

The current process and contract has resulted in a reasonable rate for the citizens of Smithville and others necessitating this service. Thus, it is staff's recommendation to continue with the current contract as outlined, with the option to exercise the second and final extension. A new bidding process should be conducted, prior to the expiration of the current contract, to run similarly to the current process.
