

Board of Aldermen Request for Action

MEETING DATE: 7/15/2025

DEPARTMENT: Public Works

AGENDA ITEM: Resolution 1488 - Purchase of snow plows and salt spreaders

REQUESTED BOARD ACTION

A motion to approve Resolution 1488, authorizing the expenditure of funds for the purchase of snow plows and salt spreaders from American Equipment Company through the Cooperative Purchasing Agreement with Sourcewell in the amount of \$54,890.50.

SUMMARY

As discussed with the Board on June 17, 2025, the Street Division and the Parks and Recreation Department will collaborate on a unified winter weather response plan. Historically, both departments have managed separate responsibilities, including snow removal from City streets, parking lots, sidewalks, and trails. Additionally, the City has also relied on contracted services to assist with snow clearing in various neighborhoods.

Moving forward, both departments are committed to combining their resources and efforts to carry out all snow removal duties in a coordinated and comprehensive manner. This collaborative approach is expected to result in more efficient, effective, and thorough snow and ice management across the City.

To support this initiative, the City will need to acquire three snow plows and salt spreaders to equip Parks and Recreation trucks. Additionally, a box blade will be utilized to help clear snow in the downtown area and along trail systems.
