INDEPENDENT AUDITORS' REPORT

Board of Aldermen and Mayor
City of Smithville, Missouri

Report on the Financial Statements

We have audited the accompanying modified cash basis financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Smithville, Missouri (the City), as of and for the year ended October 31, 2015, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 1; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the City's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position – modified cash basis of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Smithville, Missouri as of October 31, 2015, and the respective changes in financial position – modified cash basis and, where applicable, cash flows thereof for the year then ended in conformity with the basis of accounting described in Note 1.

Basis of Accounting

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Other Matters

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Smithville, Missouri's basic financial statements. The budgetary comparison schedules, schedule of contributions, schedule of changes in net pension liability and related ratios, schedule of net pension liability, the combining nonmajor governmental funds balance sheet – modified cash basis, and the combining nonmajor governmental funds revenues, expenditures, and changes in fund balances – modified cash basis are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining nonmajor governmental funds balance sheet – modified cash basis, and the combining nonmajor governmental funds revenues, expenditures, and changes in fund balances – modified cash basis are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining nonmajor governmental funds balance sheet – modified cash basis, and the combining nonmajor governmental funds revenues, expenditures, and changes in fund balances – modified cash basis are fairly stated, in all material respects, in relation to the basic financial statements as a whole. The budgetary comparison schedules, schedule of contributions, schedule of changes in net pension liability and related ratios, and schedule of net pension liability have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

|------------------------------------|-----------|
| Capital Outlays | 502,338 |
| Depreciation Expense | (223,060) |
| Loss on Disposal of Capital Assets | (60,895) |

Repayment of long-term debt is reported as expenditures in governmental funds, but the repayment reduces long-term liabilities on the statement of net position. In the current period, this amount consists of:

| | |
|---------------------------|--------|
| Debt Principal Retirement | 62,535 |
|---------------------------|--------|

Proceeds of long term-debt is reported as an other financing source in the governmental funds, but the proceeds increase long-term liabilities on the statement of net position.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City of Smithville (the City) was incorporated in 1867 and covers an area of approximately 13.8 square miles in Clay County and Platte County, Missouri. The City is a fourth class city and operates under the aldermen-administrator form of government. The City Administrator is the chief administrative officer of the City. The City provides services to more than 8,400 residents in many areas, including law enforcement, water and sewer services, refuse and recycling services, parks and recreation services, community enrichment and development, and various administrative functions.

The financial statements of the City of Smithville, Missouri, have been prepared on a modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America established by the Governmental Accounting Standards Board (GASB), which is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the City's accounting policies are described below.

Use of Estimates in Preparing Financial Statements

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Significant estimates incorporated within the City's financial statements include the factors utilized in determining depreciation of the City's capital assets. Actual results could differ from those estimates.

Principles Used to Determine the Reporting Entity

The City's policy is to include in the financial statements all funds, departments, agencies, boards, commissions, and other component units for which the City is considered to be financially accountable.

Component units are legally separate entities for which the City (primary government) is financially accountable, or for which the exclusion of the component unit would render the financial statements of the primary government misleading. The criteria used to determine if the primary government is financially accountable for a component unit include: whether or not the primary government appoints the voting majority of the potential component units governing body, is able to impose its will on the potential component unit, is in a relationship of financial benefit or burden with the potential component unit, or is fiscally dependent upon by the potential component unit.

The City is not aware of any organization to which the City is financially accountable. Management has considered all potential component units and has determined there are no entities outside of the primary government that should be blended into or discretely presented with the City's financial statements.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Basic Financial Statement Presentation

The government-wide financial statements (i.e., the statement of net position – modified cash basis and the statement of activities – modified cash basis) report information on all of the nonfiduciary activities of the City. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on sales for support.

The statement of activities – modified cash basis demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

Proprietary funds are used to report business-type activities carried on by the City.

Measurement Focus and Basis of Accounting

The accounting and financial reporting treatment applied is determined by its measurement focus and basis of accounting. The government-wide financial statements are reported using modified cash basis of accounting and the economic resources measurement focus, as limited by the modified cash basis of accounting, as are the proprietary fund financial statements. Revenues are recorded when received and expenses are recorded when paid.

Governmental fund financial statements are reported on the “current financial resources” measurement focus, as applied to the modified cash basis of accounting. Only current financial assets and liabilities are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources at the end of the period.

The City accounts for all activities using the modified cash basis of accounting, modified with respect to capitalization and depreciation of property and equipment, and the recording of liabilities for long-term debt. Consequently, accounts receivable and accounts payable are not recorded. Therefore, certain revenue and related assets are recognized when received rather than when earned and certain expenses are recognized when paid rather than when the obligation is incurred. Accordingly, the financial statements are not intended to present financial position and change in net position in conformity with generally accepted accounting principles.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Measurement Focus and Basis of Accounting (Continued)

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the City's enterprise funds and various other functions of the City. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Enterprise funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with an enterprise fund's principal ongoing operations. The principal operating revenues of the City's enterprise fund are charges to customers for sales and services. Operating expenses for the enterprise fund include the cost of sales and services, administrative expenses, and depreciation of capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Fund Accounting

The accounts of the City are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, deferred outflows of resources, liabilities, deferred inflows of resources, net position, fund balances, and revenues and expenditures or expenses, as appropriate. Government resources are allocated to and accounted for in individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled. The various funds are grouped in the financial statements in this report as follows:

Major Governmental Funds

- **General Fund**

The General Fund is the general operating fund of the City. It is used to account for all financial resources except those required to be accounted for in another fund.

- **Transportation Sales Tax Fund**

The Transportation Sales Tax Fund is a special revenue fund that accounts for the revenues received from a 0.5% sales tax to be used specifically for transportation purposes.

Fund Accounting (Continued)

Major Proprietary Funds

- **Enterprise Funds**

Enterprise Funds are used to account for those operations of the City's ongoing activities which are similar to those found in the private sector. The measurement focus is upon determination of net income, financial position, and changes in financial position.

- **Combined Water and Wastewater Fund**

The Combined Water and Wastewater Fund accounts for the provision of water and sewer utility services to the residents of the City. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, administration, operations, maintenance, financing and related debt service.

Pooled Cash and Temporary Investments

Cash resources of the individual funds are combined to form a pool of cash and temporary investments, which are managed by the Finance Director. Investments accounts consist primarily of certificates of deposit carried at cost. Interest income earned on the pooled account is allocated to general fund. Missouri state law permits the City to invest in prime money market instruments and securities, such as U.S. Government obligations, repurchase agreements, Missouri bank certificates of deposit, demand accounts, and savings accounts. As of October 31, 2015, the City has cash in demand deposits, money market instruments, and certificates of deposit.

The City maintains a cash and investment pool, which is available for use by most funds. Each fund's portion of this pool is displayed as pooled cash and investments or in restricted assets. Additionally, certain restricted assets, related to bond ordinances and indentures and capital lease certificates, are held in escrow by financial institutions' trust departments.

Restricted Assets

Cash has been restricted in the General Fund for court bonds. Cash and investments are restricted in the Proprietary Fund for revenue bond reserves because their use is limited by applicable debt obligation covenants.

Statement of Cash Flows

For purposes of the statement of cash flows, the City considers all highly liquid investments (including restricted assets) with a maturity of three months or less when purchased to be cash equivalents.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Capital Assets

The City's modified cash basis of accounting reports capital assets resulting from cash transactions and reports depreciation where appropriate. Capital and intangible assets are capitalized at historical cost, or estimated historical cost for assets where actual historical cost is not available. Donated assets are recorded as capital assets at their estimated fair market value at the date of donation. The City maintains a threshold level of \$5,000 or more for capitalizing capital assets.

Governmental activities capital and intangible assets are recorded in the government-wide financial statements, but are not reported in the fund financial statements. Capital assets are depreciated using the straight-line method over their estimated useful lives. Since assets are typically sold for an immaterial amount when declared as no longer needed for public purpose by the City, no salvage value is taken into consideration for depreciation purposes. The range of estimated useful lives by type of asset is as follows:

| | <u>Years</u> |
|----------------------------|--------------|
| Governmental Activities: | |
| Buildings and Improvements | 40 |
| Machinery and Equipment | 5-20 |
| Vehicles | 5 |
| Infrastructure | 40 |
| Business-Type Activities: | |
| Machinery and Equipment | 5-10 |
| Water and Sewer Lines | 40-50 |
| Water Towers | 40 |
| Water and Sewer Plant | 40-50 |

The City has elected to prospectively report infrastructure assets in the governmental activities, as allowed by Governmental Accounting Standards Board Statement No. 34.

Capital and intangible assets not being depreciated include land, construction in progress, and permanent easements, if any.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Long-Term Obligations

In the government-wide financial statements and the enterprise fund statement of net position, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities and business-type activities. Bond premiums and discounts are amortized over the life of the bonds using the straight-line method. Bonds payable are reported net of the applicable bond premiums or discounts. Bond issuance costs are expensed when incurred.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Government-Wide and Proprietary Fund Net Position

Net Position is displayed in three components:

Net Investment in Capital Assets – Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvements of those assets.

Restricted – Consists of restricted assets with constraints placed on the use either by (a) external groups such as creditors, grantors, contributors, or laws and regulations of the government; or (b) law through constitutional provisions or enabling legislation.

Unrestricted – Consists of the net amounts of the assets that are not included in the determination of “net investment in capital assets” or the “restricted” component of net position.

It is the City’s policy to first use restricted net position prior to the use of unrestricted net position when an expense is incurred for purposes for which both restricted and unrestricted net position are available.

Impact fees assessed by the City by ordinance are reported as capital contributions in the Proprietary Fund.

Governmental Fund Balances

The following fund balance classifications describe the relative strength of the spending constraints placed on the purposes for which resources can be used:

Nonspendable fund balance – Amounts that are not in a spendable form or are required to be maintained intact.

Restricted fund balance – Amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation.

Committed fund balance – These amounts can only be used for specific purposes pursuant to constraints imposed by formal resolutions or ordinances of the Board of Aldermen-the government's highest level of decision making authority. Those committed amounts cannot be used for any other purpose unless the Board of Aldermen removes the specified use by taking the same type of action imposing the commitment. This classification also includes contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Assigned fund balance – This classification reflects the amounts constrained by the City's "intent" to be used for specific purposes, but are neither restricted nor committed. The Board of Aldermen and the City Administrator have the authority to assign amounts to be used for specific purposes. Assigned fund balance include all remaining amounts (except negative balances) that are reported in the governmental funds, other than the General Fund, that are not classified as nonspendable and are neither restricted nor committed.

Unassigned fund balance – Amounts that are available for any purpose. Positive amounts are reported only in the general fund.

When both restricted and unrestricted resources are available for specific expenditures, restricted resources are considered spent before unrestricted resources. Within unrestricted resources, committed and assigned are considered spent (if available) before unassigned amounts.

Compensated Absences

Under terms of the City's personnel policy, employees are granted vacation and sick leave in varying amounts based upon length of service. In the event of termination, an employee forfeits unused sick leave. Unused vacation can be accumulated up to a limit of 150% of the annual amounts earned, and is payable on separation of service. Under the modified cash basis of accounting, no liability is reported in the financial statements for the value of unused vacation time.

NOTE 2 BUDGETARY DATA

Budgets for the City are prepared and adopted on the modified cash basis (budget basis) for all governmental and proprietary funds. The City Administrator is authorized to transfer budgeted amounts within departments in any fund; however, any revisions that alter the total expenditures of any department or fund must be approved by the Board of Aldermen. The department level constitutes that City's legal level of budgetary control. Reported budget amounts are as originally adopted or amended by board resolution. Annual operating budgets are adopted for the General and Proprietary Funds. Appropriations lapse at fiscal year-end, but may be reappropriated in the following fiscal year.

NOTE 3 DEPOSITS AND INVESTMENTS

Statutes also require that collateral pledged must have a fair value equal to 100% of the funds on deposit, less insured amounts. Collateral securities must be held by the City or an independent third party, and must be of the kind prescribed by state statutes.

Custodial credit risk is the risk that in the event of a bank failure, a government's deposits may not be returned to it. The City's deposit policy for custodial credit risk requires compliance with the provisions of state law.

A summary of the carrying values of deposits, investments, and petty cash at October 31, 2015, is as follows:

| | |
|--------------------------------------|---------------------|
| Cash on Hand | \$ 700 |
| Demand Deposits | 6,371,657 |
| Short-Term Investments Held in Trust | 393,461 |
| Certificates of Deposit | 1,024,274 |
| Total | <u>\$ 7,790,092</u> |

These carrying values are reflected on the statement of net position as follows:

| | |
|--------------------------------------|---------------------|
| Cash and Cash Equivalents | \$ 5,966,985 |
| Restricted Cash and Cash Investments | 1,823,107 |
| Total | <u>\$ 7,790,092</u> |

At October 31, 2015, the carrying amount of the City's demand deposits and certificates of deposit in financial institutions was \$7,395,931. The bank balances totaled \$7,511,084, of which \$250,000 was FDIC insured and \$7,261,084 was collateralized by pledged collateral held in the name of the City.

NOTE 3 DEPOSITS AND INVESTMENTS (CONTINUED)

Investment Policies

The City does not have a formal investment policy, but follows state statutes as defined in the accounting policy Note 1. Restricted assets are invested by the bond trustees in accordance with the bond indentures.

The carrying amounts, maturity segment, and ratings for the City's investments at October 31, 2015, consisted of the following:

| <u>Investment</u> | <u>Maturity Under One Year</u> | <u>Rating</u> |
|---|--|---------------|
| Restricted Investments, Proprietary Fund, Fidelity Treasury Money Market Funds | <u>\$ 393,461</u> | AAAm |

Credit Risk

Credit risk is the risk that the issuer or other counterparty to an investment will be unable to fulfill its obligations to the holder of the investment. This risk can be measured by the assignment of a rating by a nationally recognized statistical rating organization such as Standard & Poor's above.

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The City does not have a formal policy for interest rate risk. However, the City does manage its exposure to fair value loss arising from interest rate changes on internally invested funds by reviewing the portfolio on an ongoing basis for changes in effective yield amounts.

Custodial Credit Risk

The custodial credit risk of investments is the risk that, in the event of the failure of the counterparty to transaction, the City will not be able to recover the value of investment or collateral securities that are in the possession of an outside party. The City has no policy to limit the holdings of an outside party.

At October 31, 2015, the City's investments consisted of restricted investments held in the City's name by the bond trustee in accordance with the related bond indentures.

Concentration of Credit Risk

The City does not have a policy which limits the amounts that can be invested with any one issuer. Investments that represent more than 5% of the City's investments consist of money market funds shown above.

**CITY OF SMITHVILLE, MISSOURI
NOTES TO FINANCIAL STATEMENTS
OCTOBER 31, 2015**

NOTE 4 RESTRICTED CASH

Restricted cash at October 31, 2015, consisted of the following:

| | General Fund | Combined Water & Wastewater | Total |
|------------------------|-------------------------|--|---------------------|
| Court Appearance Bonds | \$ 9,050 | \$ - | \$ 9,050 |
| Debt Covenants | - | 393,461 | 393,461 |
| Capital Projects | - | 1,420,596 | 1,420,596 |
| Total | <u>\$ 9,050</u> | <u>\$ 1,814,057</u> | <u>\$ 1,823,107</u> |

The City's combined water and wastewater revenue bond trust indentures require the City to establish various debt service and reserve accounts. At October 31, 2015, these reserve accounts were fully funded.

All new connections to the City's water and sewer system are assessed an impact fee. All impact fees are kept in a fund to be used only for capital improvement projects that expand capacity of the system, including, but not limited to, new sewer lines, upsizing existing sewer lines, removing or replacing sewer lift stations, or upgrading sewer lift stations. This cash is considered to be restricted for capital projects.

NOTE 6 DEFINED BENEFIT PENSION PLAN

Plan Description

The City participates in the Missouri Local Government Employees Retirement System (LAGERS). LAGERS is an agent multiple-employer, statewide public employee pension plan established in 1967 and administered in accordance with RSMo. 70.600-70.755. As such, it is LAGERS responsibility to administer the law in accordance with the expressed intent of the General Assembly. The plan is qualified under the Internal Revenue Code Section 401(a) and is tax exempt. The responsibility for the operations and administration of LAGERS is vested in the LAGERS board of trustees consisting of seven persons. LAGERS issues a publicly available financial report that includes financial statements and required supplementary information. This report may be obtained by accessing the LAGERS website at www.molagers.org.

Benefits Provided

LAGERS provides retirement, death, and disability benefits. Benefit provisions are adopted by the governing body of the employer, within the options available in the state statutes governing LAGERS. All benefits vest after 5 years of credited service. Employees who retire on or after age 60 with 5 or more years of service are entitled to an allowance for life based upon the benefit program information provided below. Employees may retire with an early retirement benefit with a minimum of 5 years of credited service and after attaining age 55 and receive a reduced allowance.

NOTE 6 DEFINED BENEFIT PENSION PLAN (CONTINUED)

Benefit terms provide for annual post retirement adjustments to each member's retirement allowance subsequent to the member's retirement date. The annual adjustment is based on the increase in the Consumer Price Index and is limited to 4% per year.

Employees Covered by Benefit Terms

At June 30, 2015, the following employees were covered by the benefit terms:

| | |
|--|-----------|
| Inactive Employees or Beneficiaries Currently Receiving Benefits | 9 |
| Inactive Employees Entitled to but not yet Receiving Benefits | 18 |
| Active Employees | 41 |
| Total | <u>68</u> |

Contributions

The City is required to contribute amounts at least equal to the actuarially determined rate, as established by LAGERS. The actuarially determined rate is the estimated amount necessary to finance the cost of benefits earned by employees during the year, with an additional amount to finance an unfunded accrued liability. Full-time employees of the employer do not contribute to the pension plan. Employer contribution rates were 12% of annual covered payroll for the general division, and 10% of annual covered payroll for the police division, for the year ending October 31, 2015.

Net Pension Liability

The employer's net pension liability was measured as of June 30, 2015, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of February 28, 2015.

Actuarial Assumptions

The total pension liability in the February 28, 2015 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Actuarial Assumptions

| | |
|---------------------------|--|
| Inflation | 3.5% Wage Inflation; 3.0% Price Inflation |
| Salary Increase | 3.5% to 6.8% Including Wage Inflation |
| Investment Rate of Return | 7.25%, Net of Investment and Administrative Expenses |

Mortality rates were based on the 1994 Group Annuity Mortality Table set back three years for both males and females.

The actuarial assumptions used in the February 28, 2015 valuation were based on the results of an actuarial experience study for the period March 1, 2005 through February 28, 2010.

NOTE 6 DEFINED BENEFIT PENSION PLAN (CONTINUED)

The long-term expected rate of return on pension plan investments was determined using a model method in which the best-estimate ranges of expected future real rates of return (expected returns, net of investment expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

| <u>Asset Class</u> | <u>Target</u> | <u>Long-Term Expected Real Rate of Return</u> |
|--------------------|---------------|---|
| Equity | 48.5 % | 5.5 % |

Discount Rate

The discount rate used to measure the total pension liability is 7.25%. The projection of cash flows used to determine the discount rate assumes that employer and employee contributions will be made at the rates agreed upon for employees and the actuarially determined rates for employers. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to pay all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payment to determine the total pension liability.

NOTE 8 TAXES

Property taxes may attach as an enforceable lien on property as of January 1st. Taxes are levied no later than November 1st and are due and payable at that time. All unpaid taxes levied by November 1st become delinquent January 1st of the following year.

The assessed valuation of the tangible property for the purpose of local taxation for the budget year ending October 31, 2015, was \$130,302,489.

The tax levy per \$100 of assessed valuation of tangible real and personal property for the budget year ending October 31, 2015, was \$0.4523 for general fund purposes.

Sales tax revenue consists of a one percent general sales tax on all receipts from the retail sale of tangible personal property or taxable services within the City subject to taxation by the State of Missouri, and a one-half of one percent levy for the purpose of street maintenance.

NOTE 9 INTERGOVERNMENTAL REVENUE

Intergovernmental revenue during fiscal year ended October 31, 2015, consisted of the following:

| | General Fund |
|-------------------------|-------------------|
| State: | |
| Motor Vehicle Fuel Tax | \$ 225,347 |
| County: | |
| Road and Bridge Tax | 45,532 |

| Federal: | |
| Public Safety Grants | 10,826 |
| Total | <u>\$ 321,534</u> |

NOTE 10 RISK MANAGEMENT

The City is a member of MPR (formerly MARCIT), a not-for-profit corporation consisting of governmental entities incorporated in 1984 to acquire insurance for its members. MPR operates as a purchasing pool and is not a joint venture activity of the City. The City has no control over budgeting, financing, management selection, or the governing body. MPR provides both conventional and self-insurance coverages for its members including property, casualty, general liability, and workers' compensation. The City participates in medical, dental, property, casualty, general liability, and workers' compensation insurance coverage. MPR manages the cash and investment pool, funded by insurance premiums, on behalf of its members. MPR's investment pool consists of interest-bearing deposits, U.S. Treasury strips, U.S. governmental agency obligations, and collateralized mortgage obligations.

**CITY OF SMITHVILLE, MISSOURI
NOTES TO FINANCIAL STATEMENTS
OCTOBER 31, 2015**

NOTE 10 RISK MANAGEMENT (CONTINUED)

In the event that a deficit occurs with respect to any fiscal year of MPR for which the City was a participant at any time during such year; and in the even that MPR determines that an assessment is required in order to provide additional funds for the obligations of MPR for such year; and further, in the event that the City was covered by the types of benefits requiring the assessment during the time period in which the assessment arose, the City is obligated to pay its pro rata share of any such assessments, irrespective of whether or not the City is a member of MPR at the time of such assessment. MPR was not in a deficit situation during the past year.

There has been no significant reduction in insurance coverage from the previous year in any of the City's policies. In addition, there have been no settlements in excess of the City insurance coverage in any of the prior three years.

NOTE 11 COMMITMENTS

U.S. Army Corps of Engineers

The City has entered into various agreements with U.S. Army Corps of Engineers (the Corps). One agreement, paid from the General Fund, is for the use of the Smith's Fork public use area and is payable in installments which began in 1999 that increases annually over a period of 50 years. The amount paid for the year ended October 31, 2015 was \$27,504.

The proprietary fund is responsible for two agreements, one to reimburse the Corps for a percentage of their maintenance costs for the dam at the Corps' Smithville Lake where the City has its water intake line, and another for access to water from the lake for the City's water supply. The total amount paid for both agreements for the year ended October 31, 2015 was \$19,694.

Future minimum payments under the agreements are as follows:

| <u>Year Ended October 31.</u> | <u>Smith's Fork Park Rent</u> | <u>Water Supply Agreement</u> |
|-------------------------------|-----------------------------------|-----------------------------------|
| 2016 | \$ 28,879 | \$ 12,626 |

NOTE 11 COMMITMENTS (CONTINUED)

Redevelopment Agreement

The City and its Tax Increment Financing (TIF) Commission have approved the formation of a redevelopment area and entered into a TIF redevelopment agreement. Under the terms of the agreement, the City, subject to the developer satisfying various conditions as specified in the agreement, will reimburse the developer approximately \$4.8 million of its eligible costs. The reimbursement is payable solely from 50% of the future incremental property and sales tax revenues generated by the project. As of October 31, 2015, no reimbursements have been made.

NOTE 12 RENTAL INCOME

The City leases space on its water towers for cell phone companies to place antennas. The total rents received from tenants were \$52,024 for the year ended October 31, 2015. Future rents to be received under current leases are as follows:

| <u>Year Ended October 31,</u> | <u>Amount</u> |
|-------------------------------|-------------------|
| 2016 | \$ 60,257 |
| 2017 | 48,382 |
| Total | <u>\$ 108,639</u> |

The City also leases a portion of a building to the Smithville Senior Citizen Center for \$1 a year. The lease, originally entered into in August 2013, has an initial term of 10 years, and may be renewed for successive renewal terms of five years each.

NOTE 13 PLEDGED REVENUES

The proprietary fund has pledged future proprietary fund revenues, net of specified operating expenses, to repay proprietary fund certificates of participation that were issued for the purpose of proprietary improvements. The certificates of participation are payable solely from the proprietary fund net revenues and are payable through 2027. The total principal and interest to be repaid on the certificates of participation is \$4,390,624. Principal and interest paid for the current year was \$347,730 on the revenue bonds and \$390,051 on the certificates of participation. Total proprietary fund net revenues for the current year were \$1,298,921.

NOTE 14 RESERVE LEVEL POLICY

The City has adopted a reserve policy goal which sets aside 20 percent of General Fund and 20 percent of proprietary operating revenues. Reserve amounts are reported as unassigned fund balance for the General Fund and unrestricted net position for the Proprietary Fund.

**CITY OF SMITHVILLE, MISSOURI
NOTES TO THE OTHER INFORMATION
YEAR ENDED OCTOBER 31, 2015**

NOTE I BUDGETARY INFORMATION

The City follows these procedures in establishing the budgetary data reflected in the financial statements:

- A. Prior to October 31 of each year, the City Administrator submits to the Board of Aldermen a proposed operating budget for the fiscal year commencing the following November 1. The operating budget includes proposed expenditures and the means of financing them. The City adopts the proposed budget as amended and adjusted by the Board of Aldermen.
- B. Public hearings on the City's budget are conducted to obtain taxpayer comments. Prior to its approval by the Board of Aldermen, the budget document is available for public inspection.
- C. On or before October 31, the final budget is legally enacted by City Ordinance.
- D. Subsequent to its formal approval of the budget, the Board of Aldermen has the authority to make necessary adjustments to the budget by formal vote of the board.
- E. Management is authorized to transfer budgeted amounts between departments within any fund; however, any revisions that alter the total expenditures of any fund must be approved by the Board of Aldermen. Reported budget amounts are as originally adopted or amended by the Board of Aldermen.
- F. In accordance with Chapter 67, RSMo., the City adopts a budget for each fund. The proposed budget includes estimated revenues and proposed expenditure for all city funds. Budgeted expenditures cannot exceed beginning available monies plus estimated revenues for the year. Actual expenditures may not legally exceed budgeted appropriations at the total fund level. Monitoring of budgets is maintained at the expenditure category level (i.e., personal services, supplies, miscellaneous services and charges, and capital outlay) within each program. All amounts over budget have been approved by the Board of Aldermen through the disbursement process.
- G. Budgets for the general, certain special revenue funds, and the debt service fund are adopted on a basis consistent with the modified cash basis of accounting. Budgeted amounts are as originally adopted, or as amended by the Board of Aldermen. All annual appropriations lapse at fiscal year-end.
