

Information on the City of Smithville's Extra Bag Tag Program

Beginning on November 1, 2021:

Smithville residents can purchase extra bag tags from City Hall or WCA/GFL.

How does it work?

The bag tags are for trash only, recyclables are not included in this program. One tag is good for 1 (one), 33 (thirty-three) gallon bag. Each bag is not to exceed 40 lbs. Each bag needs it's OWN tag. The bag tag should not be placed on any bulky items.

The tag should be placed around the neck of the bag and placed at the curbside with the tag visible to the driver. The bags will be picked up with your scheduled collection day.

How much is a bag tag?

Residents can purchase extra bag tags at City Hall for \$1.50 per bag tag or \$6.50/sheet for 5 bag tags. If residents would like to order the extra bag tags directly from WCA, they will be charged \$7.50/sheet.
