REPORTS FROM OFFICERS AND STANDING COMMITTEES

4. Committee Reports

Alderwoman Wilson reported on the July 7 Planning and Zoning Commission. She stated that it was shared we have 25 single family residential permits year-to-date, that number is way down. There is a lot of activity this year on the commercial side, Porter's is targeting hopefully the middle of October to be open and Price Chopper may be a little bit behind that there are some timing issues. The Herzog Foundation could possibly bring something before the Planning Commission in September.

5. City Administrator's Report

Cynthia reported that she had some follow up information on items included in the packet and a couple of new items to report on. She acknowledged and thanked the extra efforts of our water department staff for their work last week in response to a water line break on the north end of town. She said that with the significant amount of rainfall we had it made locating the leak difficult and when the leak was finally found it was under a creek. It was a tremendous amount of work and a long day for staff and we appreciate their efforts.

Included in the packet is a report from Chuck Soules, Public Works Director, on the closing out of the pump station project. She asked that if the Board had any questions about the that please let staff know.

Cynthia reminded everyone to RSVP to attend the Comprehensive Plan Focus Group meetings next week. There will hybrid meetings throughout the week Monday through Thursday, starting at 4:00 p.m. and should be wrapped up by 6:00 p.m. She said she believes there is actually about an hour-and-a-half agenda. We will offer Zoom opportunities or in person at the High School in the Performing Arts Center. For those who do attend at the high school, masks and social distancing will be required based on Clay County Public Health Center's recommendations.

Monday, July 27 - Housing and Neighborhood Options

Tuesday, July 28 - Business and Economic Development

Wednesday, July 29 - Recreation and Connectivity

Thursday, July 30 - Small-town Feel and Sense of Community

Cynthia stated that she and Jack Hendrix, Development Director, had communications with the Corps of Engineers about the proposed annexation of Smith's Fork Park.

Cynthia said that after discussion with the Board in June, she sent a letter to the Corp of Engineers to begin the process to annex Smith's Fork Park. Discussion today expands the potential annexation area. The expanded map area shows that it includes not only Smith's Fork Park, but also the control tower at the dam, the Visitor Center, Litton Way, the Overlook and the maintenance shop. She explained that the Corps is looking to expand law enforcement support to their Park Rangers. She said with Board approval, staff will send the map to the Corp of Engineers along with hard copy of the letter that she emailed to them earlier, they will then forward it up their chain of command for review. The Corps will be recommending that we provide law enforcement assistance. Laura Vacca, with the Corps of Engineers, has indicated that we may have a response from the Corps for additional maintenance on the part of the city for the tow road and the parking lots. Cynthia said that would be something that we can look at in the future, but she believes that is probably a fair trade off.

Reminders for the Board:

August 3 there is a Board and School District joint meeting.

August 4 Board of Alderman Meeting will be held as a hybrid meeting. Board members who wish to meet in the Council Chamber may, others join meet via Zoom. Masks and social distancing will be required. The new sound system will not be in but the bid is scheduled to be awarded at that meeting.

Public Comment

David Lin spoke to the Board about how he liked the agreement this year and explained how they had used an agreement with the City in the very first years. He said this is the 14th year for this event. He said that this agreement really clarifies a lot of the things that they lost in the last few years when the City changed just to the Facility Use Application. He explained that in the last few years they were able to ask for the Economic Development Event Assistance, but this year there were some timing issues and they missed out on the assistance. Mr. Lin said they always want to try to get the community more involved in this and he is appealing to the Board to consider possibly considering being a co-sponsor for the event. He also said that City staff had been very good to work with.

No further discussion.

Ayes – 6, Noes – 0, motion carries. Mayor Pro Tem Bloemker declared Resolution 802 approved.
