

Board of Aldermen Request for Action

MEETING DATE: 11/15/2022

DEPARTMENT: Finance/Utilities

AGENDA ITEM: Resolution 1148 – A Resolution Authorizing the Purchase of a Skid Steer with Heritage Tractor

REQUESTED BOARD ACTION:

A motion to approve Resolution 1148, authorizing the purchase of a skid steer from Heritage Tractor in the amount of \$66,500.

SUMMARY:

During the development of the FY2023 budget, the Utilities Department submitted a request for a purchase of a new skid steer loader. The current skid steer operated by the department was a "hand me down" machine originally purchased by the Streets Department in 2001. The Streets Department had this skid steer for a number of years, and during the time of use, the skid steer required extensive repairs and maintenance for the hydraulics system controlling the movement of the wheels. In 2018, the Streets Department selected a lease-purchase option for a new skid steer and this aging skid steer was not functioning at peak performance when provided to the Utilities Department at that time.

As part of the FY2023 budget, the City originally budgeted \$15,000 to lease a new skid steer. In the effort to approve this purchase, staff acquired Sourcewell contract pricing from Heritage Tractor for the purchase of a new skid steer. Heritage Tractor provided both an outright purchase price and lease price, and the lease cost was estimated to be about \$12,000 more expensive on a 60-month (5 Year) term at a rate of 6.95%. The cashflow in the CWWS fund is not a restrictive issue requiring the City to enter into a lease. Therefore, in the effort to save costs rather than lease, as well as locking in pricing before future price hikes occur, staff completed a purchase order with Heritage Tractor to lock-in the purchase price of \$66,500.

PREVIOUS ACTION:

The City has purchased numerous other pieces of equipment through Heritage Tractor using Sourcewell contract pricing.

POLICY ISSUE:

Equipment Replacement Planning

FINANCIAL CONSIDERATIONS:

The cost of the skid steer is \$66,500 and funds would be utilized from the CWWS (Combined Water/Wastewater Fund) to purchase the equipment.

A RESOLUTION AUTHORIZING THE PURCHASE OF A SKID STEER WITH HERITAGE TRACTOR

WHEREAS, the Utilities Department is current using an aging skid steer which was originally provided by the Streets Department, and is now in need of replacement; and,

WHEREAS, the City has coordinated a purchase order through Heritage Tractor using Sourcewell Contract pricing; and,

WHEREAS, the City concluded it was financially advantageous to purchase the skid steer rather than leasing the skid steer; and,

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF ALDERMEN OF THE CITY OF SMITHVILLE, MISSOURI:

THAT the Board authorizes the purchase of a skid steer through Heritage Tractor using Sourcewell Contract pricing in the amount of \$66,500.

The "Standard Warranty" is part of the warranty protection package available from John Deere Construction & Forestry Company (John Deere Limited in Canada) ("John Deere") to purchasers of new John Deere products ("product"):

- **STANDARD Warranty** is John Deere's standard new product warranty, described in this document, provided at no additional charge to the purchaser.
- **EXTENDED Warranty** is a separate repair contract made available by John Deere for purchasers who wish to complement their Standard Warranty coverage. Complete Extended Warranty details, including coverage options and limitations, are set forth in the Application for Extended Warranty, which is available from authorized John Deere dealers.

STRUCTURALL Warranty applies to certain structural components as listed below and as described in this document.

FACTORY-INSTALLED UNDERCARRIAGE Warranty applies to certain undercarriage components as listed below and as described in this document.

A. STANDARD WARRANTY - GENERAL PROVISIONS

John Deere will repair or replace, at its option, any parts (except those specified below) of a new John Deere product that, as delivered to the original retail purchaser(s), are defective in material or workmanship. Performance of this warranty will be free of charge for parts and labor/labour, except as otherwise stated below. Standard Warranty applies only to purchases from John Deere and authorized John Deere dealers and, except as otherwise provided in the next sentence and section L below, is extended only to the original retail purchaser of the product. Remaining Standard Warranty applicable to a used John Deere product is transferred to a subsequent purchaser of the product only if the subsequent purchaser requests a transfer from an authorized John Deere dealer before the product's Standard Warranty expires. Coverage begins on the date of delivery of the product to the original retail purchaser. For purposes of this warranty, a product that has been rented, used for demonstration purposes for 150 or more hours, or otherwise used prior to its original retail purchase has been "used" for the total duration of such use. Warranty statements required by law covering engine emissions-related parts and components are found on a separate written warranty certificate provided to the purchaser at the time of the original retail purchase.

B. WHAT IS COVERED BY STANDARD WARRANTY -

All parts of a new John Deere product (except those noted in Sections D and E below) are covered during the Standard Warranty period set out above.

C. EXCLUSIVE REMEDY -

The repair or replacement of covered parts or components that are defective, as provided in Sections A, B, D.2 and D.3 herein, shall be the purchaser's exclusive remedy for any defect in the product. However, if after repeated attempts such repair or replacement fails to correct the performance problem caused by the defect, the purchaser's sole remedy shall be a refund of the amount paid for the product (in exchange for a return of the product), excluding any transportation charges, license fees, taxes and insurance premiums, and less a reasonable allowance for use of the product prior to its return. In no event will the dealer, John Deere or any company affiliated with John Deere be liable for any incidental or consequential damages, including but not limited to loss of profits, rental of substitute equipment or other commercial loss. Correction of defects in the manner provided above shall constitute fulfillment of all liabilities of the Dealer, John Deere, or any company affiliated with John Deere to the purchaser or any other

person, whether based upon contract, tort, strict liability, or otherwise. This limitation does not apply to claims for personal injury.

D. ITEMS COVERED SEPARATELY -

- 1. <u>Standard Warranty</u> does not apply to batteries, radios, tires, cameras, or to Cummins, MTU or Detroit Diesel Engines installed in John Deere products, which are covered by separate written warranties.
- 2. <u>Factory-Installed Undercarriage Warranty</u> covers all non-rubberized factory-installed undercarriage wear components for 3 years or 4,000 hours from the date of delivery to the original retail purchaser, whichever occurs first (unless terminated earlier under Section F, below). For purposes of this warranty, a product that has been rented, used for demonstration purposes for 150 or more hours, or otherwise used prior to its original retail purchase has been "used" for the total duration of such use. In addition to the items listed in section E below, Factory-Installed Undercarriage Warranty does not cover: failures due to wear, machine application, maintenance practices, or improper machine configuration; removal and installation labor/labour; transportation or hauling costs; unapproved parts; non-wear items; and rubberized undercarriage components such as rubber tracks. Warranty claims will be pro-rated based upon wear of the failed component and whether track shoe width is approved by John Deere. Factory-Installed Undercarriage Warranty does not apply to Scraper Tractors.
- 3. <u>StructurALL Warranty</u> for new John Deere Products (except Compact Excavators & Loaders, Skid-Steer Loaders, Compact Track Loaders, Scraper Tractors, Pull-Type Scrapers, and Forestry Attachments, which are not eligible for StructurALL Warranty) begins at the date of delivery to the original retail purchaser and ends (unless terminated earlier under Section F, below) after three (3) years, or 10,000 hours (whichever occurs first). For purposes of this warranty, a product that has been rented, used for demonstration purposes for 150 or more hours, or otherwise used prior to its original retail purchase has been "used" for the total duration of such use. **StructurALL Warranty applies only to the following structural components listed below as installed on the product at the time of original manufacture.** If a particular component is not listed below it is not covered by StructurALL Warranty.
