SUMMARY

A recently retired, experienced professional seeking a volunteer opportunity in Smithville community. I believe that involvement by community members is what makes our community thrive.

We purchased our home in the Hills of Shannon in March of 2023, and we moved to Smithville that May. My wife Susan is employed by the Herzog Foundation, and I am retired after 30 plus years in the chemical industry, the last 16 as vice president of Hillyard Industries in St. Joseph. Last year I became an election judge for Clay County and have enjoyed that endeavor. Looking at the community of Smithville online and the strategic plan, I found an opportunity to volunteer for city endeavors.

Susan and I have 2 sons, and 2 grandchildren. Our eldest son and his wife and children reside in North KC, and our youngest lives in Atlanta.

As you will see below, I engaged in the St. Joseph community in several areas. The area that really would assist me with the Planning and Zoning committee here in Smithville is my years on the St. Joseph Zoning Board of Adjustment. I served 2 plus terms, resigned as Chair of that board only because we left the community. I look forward to the opportunity to serve the community with the planning and zoning committee, thank you for your consideration.
